What is the Elderlife Bridge Loan?

A Bridge to Senior Care Financing

The Elderlife Bridge Loan is a financial bridge, allowing you to pay for senior care now until permanent funding is arranged.

- Use the Elderlife Bridge Loan to pay for assisted living facilities.
- Move into your community of choice immediately.
- Funds are available in as little as 24 hours.
- Application is simple and free.
- An Elderlife Financial Concierge will customize the loan to your unique needs and financial situation.

How does it work?

Funding Made Simple

The Elderlife Bridge Loan helps you pay for senior care quickly and simply.

- The Elderlife Bridge Loan's interest rate is typically much lower than other lines of credit, such as a credit card.
- During the loan, you pay only the monthly interest charges. Some assisted living communities will even pay the interest for you.
- You can pay off the loan at any time without penalty.
- Since the Elderlife Bridge Loan allows for multiple borrowers, you or your loved one may be approved even with a low credit score.

Who is it for?

Senior Care Funding for All

The Elderlife Bridge Loan is designed to give every family peace of mind.

- If you or a loved one requires senior care now, but long-term funding is not yet available, the Elderlife Bridge Loan can help cover your short-term costs.
- Long-term financial solutions such as a home sale or VA pension benefits can take months or even longer before funds are available. Families use the Elderlife Bridge Loan as a fast and economical way to ease this transition period. A typical loan period is up to 12 months, but can be longer if needed.
